

Conference by ESRs for ESRs on
„Laser Applications in Plasmonics”
October 11-13, 2017, Szeged, Hungary
NanoSpectroscopy COST Action MP1302

The second conference organized by a team of Early Stage Researchers (ESRs) especially for Early Stage Researchers will be organized in Szeged, Hungary. Invited speakers will give introductory talks on the topic of "Laser applications in plasmonics", and ESR contributions will be welcome. Participation is **free of charge!** Additionally, **travel support** for the ESR participants will be available upon application.

Scope:

- Laser-based spectroscopic techniques
- Nanoscale systems design and nanofabrication
- Light-matter interaction at the nanoscale

A Site visit at **ELI-ALPS research facility** will be offered as part of the program.

**Abstract submission deadline:
10/09/2017**

Sponsored by:

Invited speakers:

Vincenzo AMENDOLA
University of Padova, Italy
Mária CSETE
University of Szeged, Hungary
Péter DOMBI
Wigner Research Centre for Physics,
Hungary
Luca FEDELI
Politecnico di Milano, Italy
Martin SILIES
Carl von Ossietzky Universität
Oldenburg, Germany
Andreas TRÜGLER
Karl Franzens Universität Graz, Austria
Katalin VARJÚ
ELI-ALPS, Hungary
